SCHOOL

## PANCAKE BREAKFAST

Our parent council is sponsoring our back to school breakfast again this year. This will take place the first day of school at 8:00. Bring your whole family, or send your student on the bus, either way come and enjoy the breakfast and a welcome back assembly introducing the new teachers and students.

## I want to extend a very warm welcome back!

I hope you had a wonderful summer. I just wanted to inform you of a few important things before the first day of school.

### REGISTRATION

Please take some time to fill out the online registration for your students. This needs to be done every year so even if you did it last year it needs to be done again this year. This is important as it includes a variety of forms that need to be signed in order for your students to participate in offsite fieldtrips and activities. We are going on a trip early in September and all students who don't have the appropriate form filled out will miss out on this fun school activity.

### Magrath Field Trip

As a school we will be going to Magrath to the Stake Campground to spend a fun day participating in outdoor activities at their facility. The school will feed the kids lunch that day. We will leave at 8:15, shortly after the busses arrive, and be home for students to ride the route busses home. The students will need to bring appropriate athletic clothing and a swim suit to change into so they can enjoy the camp's outdoor facilities and waterslide.

### Upcoming School Activities

As a school we try really hard to keep our website up to date so you can be informed of all upcoming activities. If you want to know what is going on check the website first and most of the time the information you need for upcoming events will be easy to access. This is important if you want to be informed of the back to school activities and events that will be coming up in September.

**Kindergarten  
begins  
Tuesday,  
Sept. 3**

## NUTRITION PROGRAM

The Mountain View School will ***not be*** offering a nutrition program this year. Since we all know that nutrition is an essential part of learning please plan a healthy lunch and snacks that will give your student the energy they need to concentrate through the school day.

### Student Safety

Safety for your students is one of our primary concerns at the Mountain View School. If you send a student to school on a bike, skateboard etc., for their safety, it will be required that they wear a helmet. Students without helmets will not be allowed to use their bikes during school hours.
